PREFACE

The year 2021 was a year in which the COVID-19 pandemic raged on. It was again a challenging year for SJAM North East Area. Back in 2020, with the introduction of the various variations of lockdown, many of the annual and/or regular activities had to be called-off, postponed indefinitely or carried out through online platforms.

Many had hoped that the situation would have gotten better in 2021 with the eventual introduction of vaccines (immunisation program in Malaysia was initiated on 24-02-2021) but due to one reason or another, the number of daily COVID-19 cases which lingered around a few thousands in early 2021 broke the 10,000 mark in July 2021.

Though the initial shock of COVID-19 did partially paralyze the operationality of SJAM North East Area but with strong leadership from SJAM State of Penang, SJAM North East Area had proven its resilience, quickly recovered and moved on in living out its *"For the Service of Mankind"* calling by operationally initiating and engaging in various COVID-19 initiatives and continuously providing works of humanity and charity within the community.

REPORT: TRAINING & EXAMINATION

Online Basic First Aid

At the beginning of 2021, the COVID-19 cases were finally under control. SJAM North East Area managed to conduct online lessons for theory and physical classes for practical parts. Adhering to the SOP by KKM, SJAM North East Area managed to conduct physical classes for its Open Divisions to complete the BFA course process.

Unfortunately, the COVID-19 cases spiked again in mid-May, and face-to-face BFA training became impossible. Along came the instruction from NHQ and SJAM North East Area managed to organize several sessions of OBFA course for recruits, for re-certification and for ID renewal. The OBFA course initiative helped new and existing adult and cadet members to obtain BFA certifications, qualify for the issuance/renewal of SJAM ID cards and/or fulfil the annual efficiency requirements.

Below are the dates for OBFA

There were a total of 1196 participants who took up the OBFA course in the year 2021. The above chart shows the OBFA result breakdown trend by month. It is observed that members were not well-prepared before their school leaders registered them for the assessment. To overcome this, initiatives should be taken to ensure that members are well-prepared before allowing them to sit for the assessment.

SJAM North East Area would like to express its gratitude and thanks to all the FA tutors, FA trainers, officers and facilitators who helped out during the OBFA classes:
