## ACKNOWLEDGEMENT

As some of the “activities” in SJAM North East Area e.g. continuous training-, nursing-, fund-raising-, communication-related activities etc. are behind-the-scene and/or on-going in nature, their omission from this interim report by no means imply inactivity. The activities that have been included in this interim report are relatively more quantifiable in nature and/or are activities that have relatively more definable starting and/or closing dates.

SJAM North East Area wishes to place on record its gratitude to all government departments, schools, doctors and nurses, officers and members, the press, the general public, as well as those whose names may have been inadvertently left out. Without the cooperation and supports rendered, SJAM North East Area would not have been able to hit the various achievements of Q1Y2022, remaining active and relevant. A few (but not exhaustive) noteworthy monetary donations as well as in-kind contributions which helped to ease SJAM North East Area’s operational, training etc. needs during this period include:
